

## SAFETY DATA SHEET

according to Regulation (EU) 2015/830

Page 1/8

## Zenith 8X One Shot Toilet Cleaner Concentrate (096800)

Revision 8

Revision date 2017-08-25

| SECTION 1: Identification of the substance/mixture and | of the company/undertaking |
|--|----------------------------|
|--|----------------------------|

#### 1.1. Product identifier

Product name Zenith 8X One Shot Toilet Cleaner Concentrate (096800)

## 1.2. Relevant identified uses of the substance or mixture and uses advised against

Product Use [SU22] Professional uses: Public domain (administration, education, entertainment, services, craftsmen); [PC35] Washing and cleaning products (including solvent based products);

#### 1.3. Details of the supplier of the safety data sheet

Company Zenith Hygiene Group plc
Address A1M Business Centre

A1M Business Centre Dixons Hill Road

Welham Green Herts

AL9 7JE

United Kingdom www.zhgplc.com

 Telephone
 01707 270260

 Email
 helpdesk@zhgplc.com

#### 1.4. Emergency telephone number

Emergency telephone number | 028 9267 3331

## SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

2.1.1. Classification -

C; R34

67/548/EEC

Web

Symbols: C: Corrosive.

Main hazards

Causes burns.

2.1.2. Classification - EC

Skin Corr. 1B: H314;

1272/2008

## 2.2. Label elements

## Hazard pictograms

Signal Word

Danger

**Hazard Statement** 

Skin Corr. 1B: H314 - Causes severe skin burns and eye damage.

Precautionary Statement:

Prevention

P280 - Wear protective gloves/protective clothing/eye protection/face protection.

**Precautionary Statement:** 

P301+P330+P331 - IF SWALLOWED: rinse mouth. Do NOT induce vomiting.

Response

P303+P361+P353 - IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.

P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact

Revision 8 Revision date 2017-08-25

#### 2.2. Label elements

| Precautionary Statement:<br>Storage | lenses, if present and easy to do. Continue rinsing. P310 -Immediately call a POISON CENTER/doctor/. P363 - Wash contaminated clothing before reuse. P405 - Store locked up.                 |
|-------------------------------------|--|
| Precautionary Statement: Disposal   | P501 - Dispose of contents/container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as non-hazardous waste. |

## **Further information**

Contains:. phosphoric acid.

## SECTION 3: Composition/information on ingredients

## 3.1. Substances

## 67/548/EEC / 1999/45/EC

## SECTION 4: First aid measures

## 4.1. Description of first aid measures

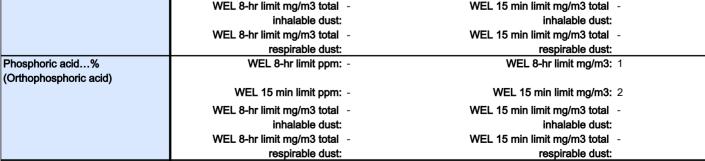

| Inhalation   | Inhalation of vapour may cause shortness of breath. Move the exposed person to fresh air. Seek medical attention.   |
|--------------|---|
| Eye contact  | Causes burns. Causes severe inflammation and may damage the cornea. Wash with water. Seek medical attention.  |
| Skin contact | Causes burns. Wash off immediately with plenty of soap and water. Remove contaminated clothing. Seek medical attention if irritation or symptoms persist. |
| Ingestion    | Ingestion causes burns to the respiratory tract. DO NOT INDUCE VOMITING. If swallowed, seek medical advice immediately and show this container or label.  |

## 4.2. Most important symptoms and effects, both acute and delayed

| Inhalation   | Irritant, Severe respiratory. |
|--------------|-------------------------------|
| Eye contact  | Causes burns.                 |
| Skin contact | Causes burns.                 |
| Ingestion    | Causes burns.                 |

Revision 8 Revision date 2017-08-25

|                                    |  | Revision date 2017-08-2   |
|------------------------------------|--|---|
| 4.3. Indication of any immediate   | medical attention and special treatment nee  | eded  |
|                                    | No information available on clinical testing information on substances, if available, ca | and medical monitoring. Specific toxicological in be found in section 11. |
| SECTION 5: Firefighting me         | asures   |   |
| 5.1. Extinguishing media           |  |   |
|                                    | Use as appropriate: Carbon dioxide (CO2  | ), Dry chemical, Foam.  |
| 5.2. Special hazards arising from  | n the substance or mixture   |   |
|                                    | Corrosive. Burning produces irritating, tox  | ic and obnoxious fumes.   |
| 5.3. Advice for firefighters       |  |   |
|                                    | Wear suitable respiratory equipment wher   | n necessary.  |
| SECTION 6: Accidental rele         | ase measures   |   |
| 6.1. Personal precautions, prote   | ective equipment and emergency procedures  | 5   |
|                                    | Ensure adequate ventilation of the working protective equipment.                         | g area. Evacuate personnel to a safe area. Wear suitable                  |
| 6.2. Environmental precautions     |  |   |
|                                    | Do not allow product to enter drains. Previous   | ent further spillage if safe.   |
| 6.3. Methods and material for co   | ontainment and cleaning up   |   |
|                                    | Absorb with inert, absorbent material. Train spillage area thoroughly with plenty of wat | nsfer to suitable, labelled containers for disposal. Clean ter.           |
| 6.4. Reference to other sections   | 3  |   |
|                                    | For personal protective equipment see su   | bsection 8.2. For disposal considerations see section 13.                 |
| SECTION 7: Handling and s          | storage  |   |
| 7.1. Precautions for safe handling | ng   |   |
|                                    | Avoid contact with eyes and skin. Ensure   | adequate ventilation of the working area.                                 |
| 7.2. Conditions for safe storage   | , including any incompatibilities  |   |
|                                    | Keep in a cool, dry, well ventilated area. K   | Ceep containers tightly closed.   |
| 7.3. Specific end use(s)           |  |   |
|                                    | No specific advice for end use available.  |   |
| SECTION 8: Exposure contr          | rols/personal protection   |   |
| 8.1. Control parameters            |  |   |
|                                    |  |   |
| 8.1.1. Exposure Limit Values       |  |   |
| Isopropanol (Propan-2-ol)          | WEL 8-hr limit ppm: 400  | WEL 8-hr limit mg/m3: 999   |
|                                    | WEL 15 min limit ppm: 500  | WEL 15 min limit mg/m3: 1250  |
|                                    | WEL 8-hr limit mg/m3 total -<br>inhalable dust:  | WEL 15 min limit mg/m3 total -<br>inhalable dust:                         |
|                                    | WEL 8-hr limit mg/m3 total -   | WEL 15 min limit mg/m3 total -  |

## Zenith 8X One Shot Toilet Cleaner Concentrate (096800)

Revision Revision date 2017-08-25

DNEL: Derived no-effect level.

## **Exposure Pattern - Workers**

| Isopropanol                       | Long-term - inhalation - Systemic | 500 mg/m³  |
|-----------------------------------|-----------------------------------|------------|
|                                   | effects                           |            |
|                                   | Long-term - dermal - Systemic     | 888 mg/kg  |
|                                   | effects                           |            |
| Phosphoric acid%                  | Long-term - inhalation - Local    | 2.92 mg/m³ |
|                                   | effects                           |            |
| Quaternary ammonium               | Long-term - inhalation - Systemic | 3.32 mg/m³ |
| compounds, trimethyltallow alkyl, | effects                           |            |
| chlorides (*R01)                  |                                   |            |
|                                   | Long-term - dermal - Systemic     | 4.7 mg/kg  |
|                                   | effects                           |            |
| Sodium xylenesulphonate           | Long-term - inhalation - Systemic | 53.6 mg/m³ |
|                                   | effects                           |            |
|                                   | Long-term - dermal - Systemic     | 7.6 mg/kg  |
|                                   | effects                           |            |

## **Exposure Pattern - General population**

| Isopropanol                       | Long-term - inhalation - Systemic | 80 mg/m³               |  |
|-----------------------------------|-----------------------------------|------------------------|--|
|                                   | effects                           |                        |  |
|                                   | Long-term - dermal - Systemic     | 319 mg/kg              | Long-term - oral - Systemic effects 26 mg/kg   |
|                                   | effects                           |                        |  |
| Phosphoric acid%                  | Long-term - inhalation - Local    | 0.73 mg/m <sup>3</sup> |  |
|                                   | effects                           |                        |  |
| Quaternary ammonium               | Long-term - inhalation - Systemic | 0.98 mg/m³             |  |
| compounds, trimethyltallow alkyl, | effects                           |                        |  |
| chlorides (*R01)                  |                                   |                        |  |
|                                   | Long-term - dermal - Systemic     | 2.83 mg/kg             | Long-term - oral - Systemic effects 2.83 mg/kg |
|                                   | effects                           |                        |  |
| Sodium xylenesulphonate           | Long-term - inhalation - Systemic | 13.2 mg/m <sup>3</sup> |  |
|                                   | effects                           |                        |  |
|                                   | Long-term - dermal - Systemic     | 3.8 mg/kg              | Long-term - oral - Systemic effects 3.8 mg/kg  |
|                                   | effects                           |                        |  |

## 8.2. Exposure controls

Adopt best Manual Handling considerations when handling, carrying and dispensing. Take off immediately all contaminated clothing. Avoid contact with skin and eyes. Wash hands after handling the product.

## 8.2.1. Appropriate engineering

controls

8.2.2. Individual protection measures

Eye / face protection Skin protection -

Handprotection Respiratory protection Ensure adequate ventilation of the working area.

Wear chemical protective clothing.

Safety glasses.

Chemical resistant gloves (PVC).

Not normally required. Do not breathe gas/fumes/vapour/spray.

## SECTION 9: Physical and chemical properties

## 9.1. Information on basic physical and chemical properties

Revision 8 Revision date 2017-08-25

9.1. Information on basic physical and chemical properties

| Appearance                | Liquid            |
|---------------------------|-------------------|
| Colour                    | Blue              |
| Odour                     | Characteristic    |
| pН                        | < 3               |
| Melting point             | No data available |
| Freezing Point            | No data available |
| Initial boiling point     | No data available |
| Flash point               | No data available |
| Evaporation rate          | No data available |
| Flammability (solid, gas) | No data available |
| Fat Solubility            | No data available |
| Partition coefficient     | No data available |
| Autoignition temperature  | No data available |
| Viscosity                 | No data available |
| Explosive properties      | No data available |
| Oxidising properties      | No data available |
| Solubility                | Soluble in water  |

#### 9.2. Other information

| Conductivity     | No data available |
|------------------|-------------------|
| Surface tension  | No data available |
| Specific gravity | 1.14 g/cm³        |

## SECTION 10: Stability and reactivity

#### 10.1. Reactivity

No reactivity hazards known under normal storage and use conditions.

## 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

No other adverse effects known.

#### 10.4. Conditions to avoid

Avoid contact with: Alkalis, chlorine-based bleaching agents.

## SECTION 11: Toxicological information

#### 11.1. Information on toxicological effects

| Skin corrosion/irritation | Causes burns.                     |
|---------------------------|-----------------------------------|
| Germ cell mutagenicity    | No mutagenic effects reported.    |
| Carcinogenicity           | No carcinogenic effects reported. |
| Reproductive toxicity     | No observed effect level.         |
|                           |                                   |

#### 11.1.4. Toxicological Information

Revision 8 Revision date 2017-08-25

## Zenith 8X One Shot Toilet Cleaner Concentrate (096800)

Revision

Revision date 2017-08-25

| SECTION 15: Regulatory | information |
|------------------------|-------------|
|------------------------|-------------|

## 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Ingredients according to EC Detergent regulations shown in section 16 if applicable.

## 15.2. Chemical safety assessment

A chemical safety assessment has not been carried out on the mixture.

#### **SECTION 16: Other information**

#### Other information

| Revision                        | This document differs from the previous version in the following areas:.  4 - Inhalation. |
